

COVID-19 Safety Plan for Oceanside Roofing Ltd.

- Maintain a distance of two metres between workers wherever possible.
- Maintain a distance of two metres, or more with homeowners at all times. If this is not possible wear a mask.
- Both crews have been provided with masks to have on-site at all times and are kept in the "COVID-19 Toolbox".
- Hand-washing station is available at all job sites in the "COVID-19 Toolbox". This includes hand sanitizer, cleaning wipes and disinfectant spray for equipment and tools.
- Workers have been instructed to wear a mask if car pooling to work is required.
- We have reviewed the information on selecting and using masks and instructions on how to use a mask.
- If anyone is showing symptoms of Covid-19 or flu like symptoms, employees have been instructed to stay home.
- Daily health checks are required by supervisors on both crews.
- Health & safety reminder posters are now in the "COVID-19 Toolbox".
